## OUR WINE PHILOSOPHY

I love good wine and have personally visited over 400 cellar doors to bring you this carefully curated list. Most of our wines are sourced from the major SA regions, and we only buy from elsewhere if it's absolutely necessary to get a style we can't get here in SA. You'll find well-known options, but we mostly like to present small producers that make outstanding wines – some of the wines on this list you won't find in any other restaurants in SA. We cater for people wanting organic, vegan and no-sulphur options. We mark some of our personal favourites with a (\*) so it's easy for you to choose like an expert! You are welcome to taste anything we do by the glass before deciding.

Enjoy, Jason Goodridge, Proprietor
